This property is an NRAS approved property, so an astute investor can pick up this

great investment property even though the scheme was retired at the last government budget. If you don't know about the scheme, it was launched to provide cost effective rental properties (20% discount which you claim as a loss on your tax!) in return for a TAX FREE ANNUAL PAYMENT currently at \$10,661 p/a indexed annually for a total original term of 10 years (7 full years remaining)

Currently tenanted by the original tenant and returning \$384/week = \$480 without NRAS (lease expires 4/4/2015 with a tenant that would love to sign a new lease), and with the tax free government payment to the investor is applied to the investment cash flow, the investment is cash flow positive.

If you are an experienced or first time investor, buy this investment before someone else does! NRAS approved investment property rarely changes hands and is now a retired scheme.
